ORBIT

# ORBIT

**Orbit is a revolution in workstation design. Orbit workstations conform to how people actually work by providing single location access to a user's work area in one continuous ergonomic circumference.**

## FEATURES

Orbit workstations can be complete circular workstations or partial segments. Workstations can be linked in various configurations in snake like configurations, tangents, or as independent pods.

Orbit can be specified in multiple diameters, radii and heights. Curved dividers are available in a variety of materials such as laminate, fabric, metal printed and acrylics. 8 wire/4 circuit electrical and data system can be specified. Orbit offers installs extremely fast to create flexible and dynamic workstation environments.
